LEADERS IN ENERGY MEDICINE

2017 - Celebrating our 28th Anniversary!

Healing Touch Level 1

Healing Touch helps you **embrace compassion in your work and world**. With Healing Touch you can gently, and significantly, impact the body-mind-spirit well being of people in your life and practice. After your first Healing Touch class you will possess a life-changing gift that you can offer over and over again to support health and facilitate the healing process for your patients and loved ones.

What is Healing Touch?

Healing Touch is a **gentle, complementary energy-based approach to health and healing**. The goal is to restore harmony and balance to the human energy system through a heart-centered caring relationship and the **use of contact/non-contact touch**. This can greatly assist the body and mind in its natural ability to heal. Healing Touch is an **evidence based practice** that offers continuing education for nurses and massage therapists.

Healing Touch:

- Utilizes off body or light touch methods that clear congestion, relieves pain, facilitates balance & promotes mind-body-spirit healing
- An international certification program
- A holistic practice that demonstrates Caring Science/Caring Theory (Dr. Jean Watson)
- Research based (www.HealingTouchResearch.com)
